(Listed according to date of appointment)

MARY J. HUSCHLE, J.D.

Professor of Law, Government

REVEREND CHARLES E. DIVINEY, M.A.

Professor of Theology

SISTER MAUREEN, M.S.

Professor of Biology

SISTER M. CLOTILDE, M.A.

Professor of Chemistry

RAYMOND C. STRASSBURGER, Ph.D.

Professor of Psychology

SISTER MARGARET URSULA, M.A.

Professor of Mathematics

SISTER TERESA MARIE, M.A.

Assistant Professor of English

SISTER JOSEPH IMMACULATE, Ph.D.

Professor of English

SISTER VINCENT THERESE, Ph.D.

Professor of Education

SISTER JOAN de LOURDES, Ph.D.

Professor of History

ESTHER RAFFALLI, Diplômée

Professor of Spanish

SISTER MARGARET LOUISE, Ph.D.

Professor of Child Study

MARION M. BRENNAN, M.A.

Lecturer in Social Science

SISTER ALICE FRANCIS, M.A.

Assistant Professor of Child Study

MARY A. SHEA, M.A.

Professor of Speech

SISTER MARY BEATRICE, Ph.D.

Professor of Biology

SISTER MARY CORDE, M.S.

Assistant Professor of Physics

REVEREND JOHN HESSION, B.A.

Instructor in Philosophy

REVEREND RAYMOND LEONARD, Ph.D.
Professor of Theology

SISTER JOHN BAPTIST, M.A.
Assistant Professor of Speech

SISTER TERESA AVILA, M.A.
Assistant Professor of History

JOSEPHINE NORMA MALLIA, M.A.
Assistant Professor of French

SISTER ANN EDMUND, M.A.
Assistant Professor of Classical Languages

SISTER GEORGE AQUIN, M.A.
Assistant Professor of Sociology

REVEREND GENNARO D'ECCLESIIIS, M.A.
Assistant Professor of Music

SISTER VIRGINIA THERESE, M.S.
Instructor in Chemistry

Assistant Professor of History

SISTER LEONIE, M.A.
Instructor in Child Study

AMOS LESSARD, M.A.
Assistant Professor of French

SISTER MARY FLORENCE, M.A.
Assistant Professor of English

ELIZABETH GILBERT, B.A.
Instructor in Physical Education

EVA B. LANGE, Ph.D.
Assistant Professor of German

MARGARET WARD, M.A.
Instructor in Physical Education

SISTER JOHN RAYMOND, M.A.
Lecturer in Education

DANIEL CAHILL, M.A.
Lecturer in English

REVEREND JAMES D'AMATO, M.S.
Lecturer in Psychology

DOROTHY A. KING, M.A.
Instructor in English

ARMAND J. JACOPIN, M.A.
Instructor in History

EDWARD P. MAHONEY, M.A.
Instructor in Philosophy

CAROL ANN HOUGHTON, M.A.
Instructor in Economics

JOSEPH T. PIZZO, M.S.
Instructor in Mathematics

MARIA-JOSEFA GONZALEZ, M.A.
Lecturer in Spanish

PATRICIA CALLAHAN, B.S.
Lecturer in Physical Education

SISTER ST. FRANCIS, Ph.D.
Lecturer in Chemistry

JOAN COSTA, B.A.
Graduate Assistant in Child Study

GENERAL STATEMENT

*Saint
Joseph's
College
for
Women*

is a College dedicated to the education of women after the ideals of the liberal arts. Its objectives are:

*the advancement of scholarship
the fashioning of a Catholic woman
the service of this Republic and
the perfecting of humanity.*

The College holds its charter by grant of the State of New York given in 1916. The governing power of the Corporation is vested in the Board of Trustees whose president is, ex-officio, the Bishop of Brooklyn.

The facilities and equipment are adequate to the curriculum and include, in addition to the chapel, laboratories, auditorium, gymnasium, recreation rooms, with their appurtenances, a little theatre and an outdoor theatre. The library is housed in a separate building.

The location of the College provides easy access to and from all parts and facilities of the metropolis. The affiliation of the College with various organized sources of culture provides the student with many opportunities for enriching her academic life.

Although the College is empowered to grant B.A. and B.S. degrees, its policy has been to gear the curriculum to the liberal arts with major or minor in the field of the experimental sciences where this is desirable. The areas of concentration are limited as indicated in the departmental outlines.

The extracurricular life of the undergraduate is not conceived as a divorced unit but as an integrating part of education. To this end the Faculty has approved of a constitution for the Undergraduate Association which gives that body autonomy.

The Faculty has an advisory but not a regulatory capacity. Student rule embraces not only such activities as societies and athletics but attendance and examinations.

As part of its contribution to the democratic plan of living, St. Joseph's has striven to give the student a chance to live in an academic democracy. Anyone may appeal from a decision of any authority to the Committee on Appeals which is the last court of judicature.

Consecrated to our ideals of service, we believe that we can best achieve them by a selective policy of admission. We are convinced that the only aristocracy is that of talent, character, and labor. We have set our entrance requirements accordingly.

Our aims, cultural, religious, and democratic, will be seen implemented in the pages that follow. Anyone who desires to observe them in operation is welcome to do so. We are anxious for the prospective student to know and evaluate us as we seek to know her.

We have endeavored to set down here our objectives and the method of attaining them. There are intangibles, however, on both sides. We try to study the student in her background and apprise ourselves of her environment. In like manner, we imagine her as a future alumna and to this end strive to make her a part of our academic world. We do not operate on the hypothesis that she is an intellectual aspirant alone, but have regard for her emotional evolution as well. We do not deal with her as an individual solely but as a social unit. We are committed to the thesis that education is living as well as learning.

The College is accredited under the
Association of Colleges and Secondary Schools of the
Middle States and Maryland.
University of the State of New York
Department of Education of the State of New York

It is a member of the
National Catholic Educational Association
American Council on Education
Association of Colleges of the State of New York
Association of American Colleges
College Entrance Examination Board
National Commission on Accrediting

GENERAL INFORMATION

Admissions

Application for admission to the Freshman Class should be made during the Senior year in secondary school, preferably during the student's seventh term.

A candidate for admission should be a graduate of a recognized secondary school. Her course should include four years of English; three years in a foreign language or two years in two foreign languages; two years of elementary mathematics, emphasizing basic algebraic and geometric concepts and deductive reasoning; a year in American History, and a year in science. The remainder of the course should consist of work in history, mathematics, science, additional languages, music or art.

In addition, all candidates for admission to the Freshman Class are required to take the Scholastic Aptitude Test of the College Entrance Examination Board. (This examination should be taken in January or March of the Senior year.)

A recommendation is required from the Principal of the school which the applicant attended. Furthermore, a personal interview with a member of the Committee on Admissions is advised.

The Committee on Admissions is willing to consider the application of students whose preparation for college may vary from the above pattern, but who give evidence of ability to do college work.

Final filing date for applications is May 1.

A student applying for admission by transfer must submit both high school and college transcripts and certificate of honorable dismissal from the college attended.

Address communications to the Registrar, St. Joseph's College for Women, 245 Clinton Avenue, Brooklyn 5, New York. Telephone MA 2-4696.

The Office of the Registrar is open on school days from 9 A.M. to 5 P.M. It is not open on Saturdays. From June until September the Registrar's Office continues open Monday through Friday from 10 A.M. until 3 P.M.

College Entrance Examination Board Tests

The Scholastic Aptitude Test administered by the College Entrance Examination Board is a three-hour test which includes a verbal and mathematical section.

Copies of the *Bulletin of Information* may be obtained without charge from the College Entrance Examination Board. The bulletin contains rules regarding applications, fees and reports, rules for the conduct of the tests; advice to candidates; descriptions of the tests; sample questions; and lists of examination centers.

Candidates should make application by mail to the College Entrance Examination Board, Box 592, Princeton, New Jersey.

Application forms will be sent to any teacher or candidate upon request. When ordering the forms candidates must state whether they wish applications for the December, January, March, May or August tests. Application forms for the December tests will be available early in the fall; those for the January tests will be ready for distribution about November 24; those for the March series about January 3; forms for the other two series will be available immediately after the preceding series has been held. A copy of the *Bulletin of Information* is sent routinely to every candidate requesting an application blank.

Each application submitted for registration must be accompanied by the examination fee: Scholastic Aptitude Test \$7.00

The Board will report the results of the tests to the institutions indicated on the candidates' applications. The colleges will in turn notify the candidates of the action taken upon their application for admission. Candidates will not receive reports upon their tests from the Board.

The following dates apply to the scholastic year 1957 - 1958:

Final Registration Dates

November 16, 1957
December 14, 1957
January 18, 1958
February 22, 1958
April 26, 1958
July 23, 1958

Dates of Tests

December 7, 1957
*January 11, 1958
*February 8, 1958
March 15, 1958
May 17, 1958
August 13, 1958

* Scholastic Aptitude Test only

St. Joseph's College for Women is a center for the January and March examinations.

Matriculation

The College will not accept for matriculation anyone who has been dismissed from any other institution because of academic deficiency and it reserves the right, through its Officers of Admission, to reject anyone who in their opinion will not be able to maintain a passing grade.

Freshman Orientation

Two days preceding the opening of each semester are set aside for the Orientation of Freshmen. The program, planned jointly by a Faculty and Student Committee to facilitate the adjustment of the entering student, includes conferences, social activities and course registration.

The program continues in a required course in the first semester.

Aptitude and achievement tests are administered to all Freshmen.

Registration and Fees

Application blanks may be had at any time. The registration fee of \$10.00 is payable when the application is filed and a fee of \$5.00 once a year thereafter. The registration fee is in no case returnable. Late registration fee is \$15.00.

Tuition	\$16.00	per point
Locker and Stationery	2.00	} Per Semester
Library	3.00	
Gymnasium	6.00	
Laboratory Fees		
Biology 1 and 2, Physics 1 and 2,		
Chemistry 1 and 2 and 102	20.00	} Per Semester
Advanced science courses	10.00	
Psychology 58 and 59	10.00	
Student Activity Fees	16.00	
Medical Fee (1st and 7th semesters)	5.00	per semester
Graduation Fee (Final semester)	25.00	

No reduction or refund will be made for withdrawal except in case of protracted illness.

Bills are payable in advance on registration of each semester.

The College reserves the right to alter tuition charges and fees when such changes become necessary.

Scholarships

Through the generosity of friends and patrons a number of scholarships are offered to deserving students. Unless special conditions are named by the founders, the only requirement governing the awarding of a scholarship is that the student shall be one who in scholarly ability will reflect credit upon the College.

It is understood that no one is eligible to a scholarship who has not satisfied the entrance requirements of the College.

The College reserves the right to declare forfeited the scholarship of any student who fails to maintain a C average.

The Board of Trustees awards three competitive scholarships annually. Applicants for the scholarship should make application with the College Entrance Examination Board for the Scholastic Aptitude Test and to the Registrar of the College for the scholarship. Filing date is listed on page 5.

Full perpetual scholarships founded at the College are:

Daniel A. and Ellen Frances Skinnell Scholarship
St. Angela Hall Scholarship, founded by the Ladies Auxiliary of St. Angela Hall
Nativity Parish Scholarship

The sum of \$2,400 is sufficient to provide a scholarship for a student for four years. The sum of \$15,000 is necessary for the foundation of a full perpetual scholarship.

To increase their efficiency in the work of collegiate education, the Sisters of St. Joseph earnestly solicit such foundations.

Examinations

A final examination is held at the completion of the work of each semester.

All requests for special examinations must be directed in writing to the Office of the Registrar within one week of the date on which the scheduled examination took place. Students absenting themselves from any examination are expected to notify the College by telephone on the very day of that examination.

A fee is required for late examinations.

The students take examinations under the administration of the Student Committee on Examinations, which is under the control of the students. Entire responsibility is vested in this Committee.

A student pledges her word to her associates to be honorable and to abide by all its decisions. The Committee is held to the strictest secrecy and never reveals its deliberations unless its penalties are reversed by the Committee on Appeals.

Any member of the Committee may be impeached by a two-thirds vote of the Committee, ratified by a two-thirds vote of the student body.

The following excerpts from the *Constitution of the Honor System* will reveal its spirit and its modus operandi:

We, the students of St. Joseph's College for Women, in the City of New York, purposing a mightier womanhood, conscious of the difficulty of its attainment, but imbued with the high courage begotten of its ideals, and convinced that only honor is honorable, do ratify and affirm this constitution of our Committee. Be it therefore resolved:

1. That we will not give, seek or receive assistance during examinations from other students or from any written or printed matter except that authorized.
2. That we will not aid in connivance at the fraudulent presence of any student.
3. That we will report all violations of the pledge.
4. That we agree to be bound by all decisions and regulations of the Committee.
5. That we pledge our loyal support to the said Court.

Procedure of the Committee

Section 1. The Committee is hereby invested with full charge of all cases involving violations of the Honor System.

Section 2. Each Committee member and each witness shall be considered under promise of secrecy when she has subscribed her name to this constitution. If a Committee member shall breach the pledge, the punishment shall be expulsion from the Committee. Breach of the promise by a witness or accuser shall become immediately a matter of Committee action.

Section 3. In case of conviction the Committee reserves to itself full power to impose whatever penalties seem justifiable. A two-thirds vote of the Committee shall be necessary for conviction.

Rights and Duties of Students

Section 1. The instructor shall be present at examinations for the length of time necessary for answering questions which may arise.

Section 2. Students must maintain silence during examinations.

Section 3. Members of the student body must give evidence of an infringement of the Honor System to any member of the Committee or the Committee as a whole during a meeting.

Section 4. Evidence may be given by an instructor to the chairman of the Committee. This evidence must be in writing.

Section 5. In cases of reported violations, the Committee shall summon the accused person or persons and their accusers among the student body and shall conduct a secret investigation of the case.

Section 6. Accused persons shall be allowed witnesses in their defense.

Grades and Reports

Grade	Percentage
A	90-100
B	80- 89
C	70- 79
D	60- 69
F	0- 59

Although D is passing, it must be balanced by at least a B in order to maintain the College academic requirement. An average of 75 in all College courses is a pre-requisite for graduation.

Reports are issued semi-annually.

Committee on Academic Standing

The academic program of every student who fails in any semester to maintain a 75% average is placed under the supervision of a Committee on Academic Standing composed of three faculty members. In helping the student regain her academic equilibrium the Committee pursues methods which depend on the average the student has achieved. If a student continues in her academic deficiencies her matriculation at St. Joseph's permanently ceases. A student who during any semester of her college courses has come under the supervision of the Committee remains until her graduation under its jurisdiction with respect to all requests for extra hours or for summer school courses.

Dean's Honor List

Each October, announcement is made of a *Dean's Honor List*: a record of students in good standing who in the previous academic year have attained an A average (89.5 or above).

Departmental Honors

1. An average of 85% will be considered the minimum in the major field and a general academic average of 80% will be required.
2. Not more than 10% of any department may receive honors, but in case there are fewer than ten in a department, one student for honors will be permitted.
3. The students will have no vote in deciding departmental honors.
4. The following non-academic points are to be considered: (1) Interest in the field, (2) Service, (3) Promoting the interest of the College in the special field.
The speech of the candidates will also be taken into consideration by the Committee on Honors.

Degrees With Honors

Requirements for the award of degrees with honors include a specified four-year academic average and a non-academic average computed the same way as those for Sigma Iota Chi. The academic requirement for Bachelor of Arts, Cum Laude, is an average of 85% for four years; Magna Cum Laude requirement is an average of 87% for four years and a Summa Cum Laude requirement is an average of 90% for four years. Not more than five per cent of a class may receive degrees with honors.

Honor Societies

Delta Epsilon Sigma

St. Joseph's is one of the founding colleges of Delta Epsilon Sigma and is headquarters for the Epsilon Chapter. This is a national organization for graduates of Catholic colleges and includes more than sixty chapters throughout the United States. Membership as set up in the original charter is based upon scholarly attainment and evidence of high character. It embraces members of the Faculty, Alumnae and Undergraduates.

Kappa Gamma Pi

Kappa Gamma Pi is a national honor society for the Catholic colleges for women. St. Joseph's was also one of the original members of this organization. It is required that students graduate in the highest tenth of their class in order to be eligible.

Sigma Iota Chi

Membership in the College honor society, Sigma Iota Chi, known as General Honors, is based on academic performance as well as upon outstanding qualities of mind and character. Students who meet the specified requirements are granted membership in Sigma Iota Chi for one year. Students above the Freshman year are eligible. Any student who holds membership for three years becomes a permanent member of the Society and receives from the College the key of the Society.

Academic Qualifications

An academic average of 85% will be considered the minimum for eligibility. Not more than five per cent of a class may receive general honors and only grades earned at St. Joseph's will be considered in the computation of averages for honors.

Non-Academic Qualifications

The College seeks, in addition to the minimum academic qualifications for eligibility, an evaluation of the student as a well-socialized individual, possessed of qualities considered by the Faculty and her student associates to be attributes of one who in the best sense may be considered representative. Evaluation of the student is expressed through the following method: "recommended with enthusiasm", "recommended with confidence", "recommended", "not recommended", "no opportunity to observe".

In establishing the list of eligibles 60% weight is given to the academic average, 40% to the non-academic. The non-academic average is based on a 60% weight to Faculty vote, 40% to student vote. Members of the Senior Class vote on the non-academic phase. Following a study of the academic and non-academic evaluations the Faculty Committee on Honors elects to membership from the eligible group not more than five per cent of each class.

Academic Regulations

Requirements for Degree

Before a student may be recommended for graduation she must have satisfied the Faculty as to her character and her accomplishments in scholarship. She must also have attained a minimum average of 75%.

The points required for the degree of Bachelor of Arts are allocated as follows:

Freshman year

English	6
Mathematics or History	6
Modern Language	6
Philasaphy	4
Physical Education	½
Science	8
Speech	2
Music	1
	<hr/>
	33½

Sophomore year

Classical Languages	4
English	3
History or Mathematics *	6
Modern Language	0-6
Philasaphy	6
Physical Education	½
Major, Minar and Electives	15
	<hr/>
	34½

Junior year

History	2
Philasaphy	4
Sacial Science	3
Thealagy	4
Major, Minar and Electives	17
	<hr/>
	30

Senior year

Thealagy	4
Major, Minar and Electives	26
	<hr/>
	30

** Both 1 year of History and 1 year of Mathematics are required.*

Each student is required to attain a grade of C in a Modern Language Comprehension Examination.

Each student is required to attain a grade of C in a comprehensive examination in her major field before graduation.

Majors and Minors

Each student must take a major subject of twenty-four points in one department and a minor of eighteen points in another. In general, it is advisable that these two fields of concentrated study be related to each other.

Students who wish to teach in the Secondary Schools will elect a major and a minor field before the completion of the Freshman year. Students who wish to teach at the early childhood level, i. e., in nursery school, Kindergarten, 1st, 2nd, and 3rd grades, will elect child study as a major before the completion of the Freshman year. Other students will elect a major and a minor before the completion of the Sophomore year. Major and minor subjects may be chosen only with the written consent of the Chairman of Department.

A student desiring to change her major or minor must obtain, on a blank furnished by the Registrar, signatures of all Chairmen of Departments affected and of the Dean. Any change of program made with the permission of the Dean will incur a charge of \$2.00 for each course changed.

Permission to change a major or minor or plan will not be granted once registration is completed.

Dropping Courses

A student desiring to drop a course in which she is registered may do so with the approval of the Dean during the first month, or thereafter if illness has caused the student to seek cancellation. In both cases the permission of the Dean is required. Otherwise the student will receive an F.

Summer Courses

Students may take summer courses. The Committee on Studies has restricted the courses which may be taken and has limited the number. No student will receive credit for such a course unless she has received the permission of the Faculty Committee. All students desiring permission must file, within the time appointed, blanks which are provided for this purpose.

Extra Hours

A student may be granted extra hours provided her general average for the preceding semester warrants the exception.

Plans of Study

Each candidate for the B.A. degree before the completion of her Freshman year must choose one of these plans of study:

Plan A Course in the liberal arts, including required courses, major, minor, and electives.

128 Points Allocation: ($16\frac{1}{4}$, $17\frac{1}{4}$) ($17\frac{1}{4}$, $17\frac{1}{4}$) (15, 15)
(15, 15)

Plan B Course in the liberal arts, including required courses, major, minor and electives. It offers pre-professional training in the field of education on the secondary level.

132 Points Allocation: Will depend upon the major.

Plan B' Course in the liberal arts, including required courses, a major in child study, a minor and electives. It offers pre-professional training in early childhood education.

132 Points Allocation: ($16\frac{1}{4}$, $17\frac{1}{4}$) ($18\frac{1}{4}$, $18\frac{1}{4}$) (17, 17)
(17, 12)

Plan C Course in the liberal arts, including required courses, major, minor and electives, with pre-professional cadet work in the field elected by the student as either her major or minor.

132 Points Allocation: ($16\frac{1}{4}$, $17\frac{1}{4}$) ($18\frac{1}{4}$, $18\frac{1}{4}$) (17, 17)
(17, 12)

A student who wishes to elect the special program arranged for a two-year pre-nursing training should confer with the Dean at the time of registration.

Attendance

Students shall attend regularly all classes in which they are registered.

Class attendance is under the supervision of a Student Attendance Committee whose decisions are ratified by a Faculty Attendance Committee.

Attendance regulations are published in the student and faculty handbooks.

Guidance

Through individual interviews with a member of the Faculty Counseling Committee, Department Chairmen, and the Director of Student Personnel Services, the student is assisted in understanding herself, in evaluating her potentialities and in planning her college course in the light of her past achievements, her vocational and personal interests, and her special aptitudes. The opportunities provided by the College, together with the curricular requirements, are explained to enable the student to make a normal adjustment to college life.

An important function of the Student Personnel Office is to help the student clarify her occupational aims by providing adequate information concerning opportunities in the various fields. The Personnel Officer is prepared to provide data concerning graduate work including opportunities for graduate scholarships.

The services of the Office of Student Personnel are available at all times to all students in the College. Every student will be interviewed in her Freshman year and as often as her needs and interests demand.

Health Program

Each student is given a thorough physical examination early in her first semester at the College. Serious conditions are referred to a private physician but a conference with the Health Director of the College guides the student in the remedial measures necessary for minor health deficiencies. A check-up of the record is made the semester before graduation when another complete examination is given.

The aim of the Health Program is to develop an awareness of the necessity for good health habits for the full enjoyment of an active life.

Religious Life

The religious life of St. Joseph's is integrated with the ideals of the College. In this spirit, it is conceived to be the personal business of the student. The Faculty regards its function in the general scheme as one of service, not coercion.

A student committee, that is self-perpetuating, is in complete control. The clerical members of the Faculty are pleased to be guided by undergraduate opinion as expressed by the committee. This applies, of course, only to those phases of religion which are not curricular.

The students are provided with the ordinary exercises of religious devotion, especially daily Mass. In addition, there are a number of other devotions which are carried out according to the liturgical year.

Extracurricular Activities

The principal organ of extracurricular activity at St. Joseph's is the student-governed Undergraduate Association of which every student is a member. Student Government activities include: athletics, music, dramatics and dancing, and the ramifications of each. Every Freshman is required to pursue at least one extracurricular activity and all other students are encouraged to do so. To prevent over-emphasis of the extracurricular, to the detriment of scholastic activity, no girl is permitted to carry more than ten extracurricular points.

Three points are given for each activity. Frequent absence or non-participation in societies is penalized by the Committee on Extracurricular Activities. In spite of the fact that every student must participate in an activity, no one is allowed to represent the College in any field who has failed to maintain her class standing. This is part of the contract agreed upon by the students and the Faculty.

Study Clubs

Most of the departments have their own societies and some are affiliated with national organizations.

In general, membership is open to all students who are interested in the field of study and have the necessary intellectual ability. The general student body is invited to attend the lectures.

The Library

The library of St. Joseph's College, dedicated to the memory of Sister M. Lorenzo, former Registrar and Professor of Education, is located in the large building immediately adjoining the College. Besides a collection of over 40,000 volumes, and 313 current periodicals, the library lists among its holdings such pedagogical materials as phonograph recordings, maps, microfilms, slides, filmstrips, pictures, pamphlets and clippings. By means of interlibrary loans, both Faculty and students have access to the resources of various other libraries. With the exception of Saturday, Sunday, and holidays the library is open daily from 8:30 A.M. to 6 P.M. During the school year it is open from 6 to 7 P.M. if requested. Hours for library use during the summer are provided by special arrangement.

The Alumnae Association

Officers of the Alumnae Association, 1957 - 1959

President	MARIE BLABER '35
Vice-President	MARGARET MANNING '41
Treasurer	AGNES GRECO '53
Financial Secretary	JANICE ALBERTI '54
Recording Secretary	LILLIAN DISKEN '48
Corresponding Secretary	EILEEN KELLY COULTER '44

The loyalty of the alumnae of St. Joseph's has become proverbial. Various activities of the organization for the benefit of the College and the general pervading spirit of cooperative effort attest a sincere and lasting love for Alma Mater.

The College is committed to the belief that its responsibility to its graduates is never concluded. In pursuance of this policy, it provides all the activities for the Alumnae that are offered the Undergraduates, and freely offers to the Association and its various committees and study groups use of its facilities and the benefit of its assistance.

Forms of Bequest

I give and bequeath to St. Joseph's College for Women, a corporation established by law, at Brooklyn, in the County of Kings, and State of New York, the sum ofdollars, to be appropriated by the Trustees for the benefit of the College in such manner as they shall think most useful.

I give and bequeath to St. Joseph's College for Women, a corporation established by law, at Brooklyn, in the County of Kings, and State of New York, the sum ofdollars, to be appropriated by the Trustees for the benefit of the Scholarship Fund.

The interest of this fund shall be applied to the aid of deserving students in St. Joseph's College for Women.

COURSES OF STUDY

Child Study

SISTER MARGARET LOUISE, Ph.D.

SISTER ALICE FRANCIS, M.A.

SISTER M. LEONIE, M.A.

JOAN COSTA, B.A.

The courses in Child Study are designed to help those who at some time will have the responsibility of dealing with children in the family, the school, or in other community agencies. It is believed that intelligent guidance springs from a knowledge of child development as well as from the wholesome attitudes a student should acquire as a result of concentration in this field. In order to deepen the insights and understandings gained in class offerings, the College maintains a preschool laboratory which provides educational programs for children between the ages of three to six years. Here students have the opportunity for supervised participation and directed observation. The preschool is in session from October through May each year.

Major

Required courses: Child Study 22, 25, 26, 30, 80, Psychology 50 and Education 34; for students on Plan B', Child Study 50.

Elective courses: Child Study 23, 29, 41, 42, 46, 48 and Psychology 50.

Minor

Courses chosen with departmental guidance.

Child Study 22 Child Psychology

Introduction to the study of the child; a basic course, dealing with the behavior of children from birth to adolescence; heredity; the characteristics of the new-born; physical, emotional, social, mental, and religious development; language development. Directed observation of children in the home and in the preschool.

For majors, Psychology 11 or Education 15 should precede this course or be taken concurrently.

3 hours a week, 1 semester, 3 points

Child Study 23 The Religious Development of Young Children

An investigation into the child's psychic processes as they relate to his orientation as a religious being. Introduction to the guidance of the cognitive, volitional, and affective aspects of religious experience.

2 hours a week, 1 semester, 2 points Spring

Child Study 25 Problems and Guidance in Child Development

A study of the prenatal factors in development. The relation of physical and motor growth to other aspects of development. Formation of desirable habits. Problems in training. Parent questions.

2 hours a week, 1 semester, 2 points Fall

Child Study 26 Personality Study of the Young Child

The dynamic integration of the biological, sociological, and self-determining factors of growth illustrated by intensive study of an individual child. Survey of current trends in analysis and measurement of personality and character. Approach to behavior problems through case studies. The parent-child relationship and the effect of the family on its members.

2 hours a week, 1 semester, 2 points

Child Study 29 The Psychology of Early Childhood Activities

A consideration of the function and value of play in the life of the young child. Theories of play. Observation of age-level and environmental differences in development of various play activities. Role of the guidance person.

2 hours a week, 1 semester, 2 points

Child Study 30 Principles of Early Childhood Education

A study of the principles and objectives of education in the nursery school, kindergarten, and primary grades. Evaluation of current practice in the light of historical foundations. Procedures of administration and organization.

3 hours a week, 1 semester, 3 points

Child Study 41, 42, 46 and 48 stress the psychological foundations in child growth upon which acquisition of knowledge and skill in the arts and sciences is based.

Child Study 41 Creative Arts for Young Children

An introduction to handicrafts as a means of enriching the development of children from two to eight years of age. A study of artistic expression in early childhood and the guidance thereof. Student opportunities for practice with a variety of media.

2 hours a week, 1 semester, 2 points

Child Study 42 Music for Young Children

An investigation and appreciation of the musical interests and abilities of children from two to eight years of age. Rhythms, songs, musical instruments, plays and games in the programs of early childhood education.

2 hours a week, 1 semester, 2 points

Child Study 46 The Language Arts for Children

Development and function of oral and written communication in early childhood. Reading readiness and beginning reading; manuscript writing; spelling. Survey and critical study of available literary materials suitable for children. Student opportunities for creative writing and story-telling.

3 hours a week, 1 semester, 3 points

Child Study 48 The Natural and Social Sciences and Mathematics for Children

Interaction of the natural and social sciences and mathematics with the daily life and activities of the child. Program provision for child growth in adequate relationships with people, things, and numbers.

3 hours a week, 1 semester, 3 points Fall

Child Study 50 Supervised Practice Teaching in the Nursery School, Kindergarten, and Primary Grades

Observation and practice teaching hours arranged to meet certain requirements for prospective teachers of young children. Two additional hours scheduled each week for conference work, reports, supplementary reading, and discussion of problems.

Prerequisites: Approved second speech course; Approval Faculty Recommendation Committee.

2 lecture periods a week, 1 semester, 2 points

15 hours a week of observation and practice teaching, 1 semester, 4 points

Child Study 80 Seminar in Child Study

Individual intensive study of a major problem in the field.

Required of all majors in Senior year.

1 hour a week, 1 semester, 1 point

Classical Languages

SISTER ANN EDMUND, M.A.

Required courses for students beginning the language in College:
Latin 1, 2 and 6.

Required courses for students offering credit in Latin at entrance:
One year of Latin *or* Greek 31 and Latin 31.

GREEK

The aim of the courses is to give, together with adequate knowledge of the language, an appreciation of this greatest of literatures and to acquaint the students with the thought of a people who produced poetry and art, political thinking and philosophy of the highest value; whose literature formed the basis of education for centuries and when brought to light a second time, produced a rebirth in the intellectual life of Europe.

Greek 31 History of Greek Civilization

Lectures, readings and discussions. Origin of and chief elements in mythology, art, literature and material progress of the ancient Greeks; their political development and national life; their systems of philosophy and principles of education; their expansion, colonies and intercourse with other peoples; their influence on modern art, literature and education. Visits to art museums of the metropolitan area are encouraged.

2 hours a week, 1 semester, 2 points Fall

LATIN

The courses in Latin aim to impart an accurate training in this most logical of languages. It is further desired to show the relation of Latin literature to Greek as its model and source of inspiration and to modern literatures both as model and teacher. To Catholic students this language and the civilization of which it forms a part cannot be considered as dead and must continue to be a source of interest and cultivation.

Latin 1 Elementary

Elements of Latin; forms and essential principles of syntax; exercises in reading and writing Latin.

Open to students who have had no Latin.
2 hours a week, 1 semester, 2 points

Latin 2 Elementary

Elements of Latin continued; further study of principles of syntax; simple Latin prose composition; rapid reading of easy prose.

Open to students who have completed Latin 1.
2 hours a week, 1 semester, 2 points

Latin 6 Intermediate Latin

The reading of selections from Lactantius and other authors with emphasis on idiomatic Latin construction in composition.

For students presenting one year of Latin.
2 hours a week, 1 semester, 2 points

Latin 11 The Confessions of St. Augustine. Selections

Reading of the narrative portions of the *Confessions*; lectures on Patristic Latin literature covering its relation to Greek Patristic literature and to contemporary non-Christian literature, Patristic Latin syntax and vocabulary, the life and times of St. Augustine, his place in the world of thought, his varied style, the problem of his conversion, the bibliography of the *Confessions*. Oral and written reports by the students.

Prerequisite: 3 years of high school Latin.
2 hours a week, 1 semester, 2 points Fall

Latin 22 Latin Comedy

Selected plays of Plautus and Terence; evolution of Roman drama; comparative study of the style, diction and technique of the two chief exponents of Latin comedy; meters used by Plautus and Terence; influence of Latin comedy on Shakespeare and Moliere; development of Roman theatre. Collateral readings.

Prerequisite: 3 years of high school Latin.

2 hours a week, 1 semester, 2 points Spring

Latin 31 History of Roman Civilization

Lectures, readings, discussions. Origin of and chief elements in mythology, art, literature and material progress of the ancient Romans; Hellenistic influence on Roman civilization; Roman character as manifested in early Roman institutions and as manifested in later Roman institutions under Greek and oriental influence; evolution of Roman Republic and Empire; fundamental principles of Roman government; Roman law; Roman conquests; spread of Roman civilization; Roman philosophy and education; roads; tunnels; architecture; literature; influence of Romans on modern art, literature, education and governmental policies. Visits to art museums of the metropolitan area are encouraged.

2 hours a week, 1 semester, 2 points Spring

Latin 100 Liturgical Latin

Practical appreciation of Christian humanism as expressed in the Liturgy of the Church. Consideration of the important departures from classical usage. Study of *Old Testament* selections, Benediction hymns and prayers, the *Magnificat*, the Ordinary of the Mass, selections from the Proper of the Season, Antiphons of the Blessed Virgin, *Te Deum*, and the Corpus Christi hymns.

Open to all students.

1 hour a week, 1 semester, 1 point Spring

Education

SISTER VINCENT THERESE, Ph.D.

SISTER JOHN RAYMOND, M.A.

In keeping with the dedication of the College to the education of women after the ideals of the liberal arts, the courses in education are intended to contribute to the cultural background of the student as well as to her professional preparation for the teaching field.

Required courses for students preparing to teach at the secondary level: Education 15, 33, 34, 70, Psychology 14 and the methods course in the field of major specialization (Education 61, 62, 63, 64, 65 or 66).

Recommended courses for these students: Psychology 11 and 50

Education 15 Educational Psychology

An introductory course in psychology for teachers. The methods of psychology as applied to education; the nature, amount, and causes of individual differences; the nature and use of tests of intelligence, achievement, and personality traits; the methods of handling individual differences; the psychology of learning; transfer of training; motivation and personality adjustment.

3 hours a week, 1 semester, 3 points

Education 33 Supervised Teaching in Secondary Schools

A study of the methods employed in teaching through the observation of the work of successful teachers in the secondary schools of New York City; supplementary reading, reports, and discussions.

Prerequisites: Approved second speech course; Approval Faculty Recommendation Committee.

Observation and practice teaching: 4 points

(These points are not included in the required points for students under Plan B)

2 lecture periods a week, 1 semester, 2 points

Education 34 Philosophy of Education

The study of educational objectives and their relation to curriculum and method. A consideration of the philosophical principles underlying education. An analysis and evaluation of contemporary educational philosophies.

2 hours a week, 1 semester, 2 points

Education 61 Methods of Teaching English in Secondary Schools

Interpretation and presentation of typical secondary school texts with their literary and historical background; aims, methods, material, development and correction of composition, the teaching of grammar; discussion and problems incidental to the teaching of English; readings in professional literature.

2 hours a week, 1 semester, 2 points Fall

Education 62 Methods of Teaching Speech in Secondary Schools

Elements in the preparation of a speech teacher in the New York City Secondary Schools. Methods of teaching voice and diction, oral interpretation, public speaking, dramatics and play production. Special stress upon organization of the speech correction clinic and upon remedial procedures. Methods of organizing and conducting dramatic clubs and other extracurricular activities.

2 hours a week, 1 semester, 2 points Fall

Education 63 Methods of Teaching History and Social Studies in Secondary Schools

A discussion of the aims, values and problems of teaching history, civics and economics; the nature of social studies and their place in education; classroom procedures and techniques; judging textbooks; measuring the results of the teaching of social studies.

2 hours a week, 1 semester, 2 points Fall

Education 64 Methods of Teaching Mathematics in Secondary Schools

Objectives and methods of teaching algebra, geometry, and numerical trigonometry; study of the work done by the reorganization committee; standard tests; observation; practice.

2 hours a week, 1 semester, 2 points Fall

Education 65 Methods of Teaching Modern Languages in Secondary Schools

Methods of teaching French and Spanish. Aims and values of teaching modern languages. Observation. Practical demonstrations.

2 hours a week, 1 semester, 2 points On Demand

Education 66 Methods of Teaching Science in Secondary Schools

Presentation and discussion of the aims and objectives of teaching the physical and biological sciences; organization of science clubs; practical demonstrations and practice in presenting lessons.

2 hours a week, 1 semester, 2 points Fall

Education 70 Methods of Secondary Education

A review of the needs and interests of adolescents; the teacher and the changing secondary school curriculum; analysis and evaluation of motivation, questioning, assignment, and review procedure; lesson planning; principles involved in various lesson types; unit plan of teaching; visual instruction; diagnostic and remedial measures; use of new type examinations; classroom management.

3 hours a week, 1 semester, 3 points

English

SISTER JOSEPH IMMACULATE, Ph.D.

SISTER TERESA MARIE, M.A.

SISTER MARY FLORENCE, M.A.

DOROTHY A. KING, M.A.

DANIEL CAHILL, M.A.

English, regarded either as skill in writing and speaking or as comprehension and appreciation of literature, is a very definite step in the process of continued growth in an individual. In English and American literature, the repository of the intellectual and spiritual history of our people, lies the power to engender and foster the loftiest ideas and ideals. To this purpose, then, literature should be regarded neither as an escape from, nor a substitute for, reality, but as one of the formative experiences of civilized life. Since this function cannot be fulfilled by isolating English from the rest of the academic world, the study of literature, as taught at St. Joseph's, is regarded not only as an essential but also as an integral part of every student's intellectual development.

Required courses: English 3, 9, and 10.

Admitted to English major or minor: Students who attain a C average in the English and speech courses required of all candidates for the B.A. degree.

Major

Requirement: Twenty-four points in English in addition to those earned in Freshman year.

Required courses: English 52 and 85.

Minor

Requirement: Eighteen points in English in addition to those earned in Freshman year.

INTRODUCTORY

English 3 Composition

Organization of the composition as a whole; exposition including the writing of fact, research, and opinion essays; study of the technique of criticism; writing of the book review; study of description and narration; discussions, readings, conferences.

Required course

3 hours a week, 1 semester, 3 points

English 4

Narration—essentials, informational narrative, types; elements of the story—plot, characterization, setting, dialogue.

2 hours a week, 1 semester, 2 points Spring

English 8 Creative Writing

A course in advanced writing designed to give the student an opportunity to develop skill in the writing of the short story, the formal and informal essay, critical studies, and original verse.

2 hours a week, 1 semester, 2 points Fall

English 9 Introduction to Literature—Beowulf through Johnson

Readings, lectures, and class discussions designed to illustrate the development of English literature as evidenced by major trends and figures.

Required course

3 hours a week, 1 semester, 3 points

2 hours a week, 1 semester, 2 points Fall

English 130 Advanced Study of Major American Writers

Detailed and intensive biographical, bibliographical and critical analysis of Edgar Allan Poe, Walt Whitman and Mark Twain.

Prerequisites: English 20 or 21.
Open only to English majors and minors
2 hours a week, 1 semester, 2 points Fall

English 131 Advanced Study of Major American Writers

Detailed and intensive biographical, bibliographical and critical analysis of T. S. Eliot, Ernest Hemingway, and Thomas Wolfe.

Prerequisites: English 20 or 21.
Open only to English majors and minors
2 hours a week, 1 semester, 2 points Spring

History

SISTER JOAN de LOURDES, Ph.D.

SISTER TERESA AVILA, M.A.

SISTER JOSEPH DAMIEN, M.A.

ARMAND J. JACOPIN, M.A.

The courses in history are semestral and are arranged to meet the needs not only of history majors, but also of all students who are interested in history for its cultural value. The aim of the several courses is to present a general survey of civilization and a more intensive analysis of narrower fields, so that the student may acquire a deeper appreciation of the historical process, so necessary for intelligent citizenship.

Required courses: History 1, 2 and 70.

Major

The comprehensive examination given early in the Senior year will test the student's mastery of ancient, medieval, modern European and American history.

A Senior thesis is due May 15 of the year of graduation.

Required courses: History 1, 2, 12, 13, 20 or 21, 46, 47 and 61.

Minor

Points for History 1 and 2 may be offered toward the eighteen required.

History 1 Survey of Medieval Civilization

The development of western civilization from the decline of the Roman Empire to the Fourteenth Century Renaissance. The fusion of classical, Christian, and Teutonic elements in medieval culture. The evolution of burgher-controlled society and capitalistic economy.

Required course

3 hours a week, 1, semester, 3 points

History 2 Survey of Modern Civilization

The development of western civilization from the formation of national states to the present. The rise of national patriotism; overseas explorations; the intellectual revolution; the transition from agricultural to industrial society; the governmental, technological, sociological and cultural phases of the contemporary scene.

Required course

3 hours a week, 1 semester, 3 points

History 6 The Enlightenment

Rise of the modern scientific spirit and its influence in the spheres of religious, political and economic thought. The impact of mercantilism upon the European states system. The struggle for power among the European states in the Mediterranean, Baltic and Atlantic areas. France on the eve of the Revolution. The Romantic protest against the Age of Reason.

2 hours a week, 1 semester, 2 points Fall 1959

History 7 The Renaissance

The development of the humanistic spirit; arts and sciences in the Renaissance world; religious revolution and reform; the expansion of Europe beyond the seas; the rise of modern capitalism; the commercial revolution; dynastic consolidation; the European state system from the Fourteenth to the Sixteenth Centuries.

2 hours a week, 1 semester, 2 points Fall 1957

History 9 Twentieth Century World

This course is divided into six units, five of them dealing with the major historical developments of recent years in each of these areas: Western Europe, Eastern Europe, the Middle East and Africa, the Far East, the Western Hemisphere. The sixth unit will be devoted to discussion of contemporary problems arising from the interrelationships of all of these areas.

3 hours a week, 1 semester, 3 points Spring 1958

History 10 Beginnings of the American People

Discovery, exploration and colonization of North America by Europeans; social, economic and political development of the English colonies; influence of the colonial period on American institutions.

3 hours a week, 1 semester, 3 points Spring 1959

History 11 American Foreign Relations

Development of American policies with reference to Europe, Latin-America, and the Far East. Economic foreign policies; the trend toward world-wide industrialization and its relation to economic self-sufficiency; American diplomacy during two World Wars; problems of neutrality and belligerency.

3 hours a week, 1 semester, 3 points Fall

History 12 The American Nations Part I

Major emphasis is on United States History from 1763-1865 with some attention to related hemispheric history such as the impact of the United States revolutionary movement on both Canada and Latin America, the evolution of political institutions, the development of economic patterns, and the factors producing change.

3 hours a week, 1 semester, 3 points Fall

History 13 The American Nations Part II

The growth and emergence of the United States as an industrial giant and world leader in the period 1865 to the present studied in the light of hemispheric developments and world changes.

3 hours a week, 1 semester, 3 points Spring

History 15 Studies in American Social and Intellectual History

The non-political aspects of our history: social customs; economic influences; racial contributions; literary, artistic and scientific trends; educational and religious problems and reform movements. Discussion of selected topics.

2 hours a week, 1 semester, 2 points Fall 1958

History 16 History of New York State and the City of New York

The history of the colony and state from its founding to the present. Emphasis on the social, economic and cultural development of both state and city. The important part taken by New York in national affairs. An introduction to the depositories of materials on local history.

2 hours a week, 1 semester, 2 points Spring 1960

History 18 The Development of the American West

The colonial frontier; crossing the Appalachians; the West in American diplomacy; the West in American political life; the trans-Mississippi West; Manifest Destiny; Indian relations; changing land policy; opening the Great Plains; the reforming West; Turner's frontier thesis; contemporary issues.

2 hours a week, 1 semester, 2 points Spring 1958

History 20 England to 1660

The pre-Norman and feudal periods; medieval social and constitutional developments; the Tudor monarchy and the Puritan Revolution; the new economic and constitutional structure, the foundation of the empire.

3 hours a week, 1 semester, 3 points Fall

History 21 The British Empire Since 1660

Restoration, revolution, Eighteenth Century thought and institutions; the agricultural and industrial revolutions; the duel with France; the age of reform; European and imperial relations in the Nineteenth Century; the advent of democracy; the British Commonwealth of Nations.

3 hours a week, 1 semester, 3 points Spring

History 31 The Ancient World

Egyptian civilization; Babylonia; Assyria; the Persian Empire; Phoenicia; Palestine; Arabia; the Aegean world.

2 hours a week, 1 semester, 2 points Fall 1958

History 43 History of the Balkan States

The decline of Turkey and the creation of the Balkan States. Their geographical position, religious heritage, cultural development and economic resources studied as background for understanding the role of the Balkans in European politics. Conference method, discussion and reports.

2 hours a week, 1 semester, 2 points Fall 1957

History 44 History of Modern Russia

A survey of Russian development from the emancipation of the serfs to the present; changes in political institutions, social structure, ethical and artistic standards. The aim of the course is to lay the groundwork for understanding the Soviet regime today.

2 hours a week, 1 semester, 2 points Spring 1958

History 46 Continental Europe, 1789 - 1870

A decade of revolution, 1789-1799; Napoleon and France; Napoleon and Europe; the Congress of Vienna and the Concert of Europe; the rise of political and economic liberalism; the spread of nationalism and romanticism; the revolution of 1848 and its aftermath, Crimean War, Second French Empire; Realpolitik and the breakdown of the Congress system.

3 hours a week, 1 semester, 3 points Fall

History 47 Continental Europe 1870 to the Present

Continued development of the Industrial Revolution; growth of materialism; expansion of Democracy, Trade Unionism, Socialism; the Bismarckian system; the new Imperialism; the trend toward international anarchy; World War 1; post-War problems; attempts at international cooperation; the rise of totalitarian governments; the breakdown of international cooperation.

3 hours a week, 1 semester, 3 points Spring

History 51 Latin American History

Spain and Portugal in the New World; problems of the colonial period; the revolutions; rise of dictators; Pan-Hispanism; Latin America and the two World Wars; the Organization of American States; the Rio Pact; the Communist threat; recent events in individual countries.

2 hours a week, 1 semester, 2 points Spring

History 61 Historical Method—Seminar

Introduction to the principles of historical criticism and the methods of historical research; the examination of a restricted field of history as a laboratory subject; the preparation of reports and the required thesis.

Required of history majors

2 hours a week, 1 semester, 2 points Fall

History 70 The History of the Catholic Church

The conflict with the Roman Empire; Greek thought and the rise of heresy; conversion of the barbarians. The struggle between the revived Empire and the Papacy; the Church triumphant; the Renaissance. The Protestant Revolt, The Catholic Reformation. The challenge of national Catholicism; the Age of Pope Pius IX; the position of the Church in the major states of Europe and America since 1878.

Required course

2 hours a week, 1 semester, 2 points

History 72 History of the Catholic Church in the United States

Establishment of the Church in America; opposition to the Church in colonial times; expansion; problems in urban and rural areas; the Church and education; the Church and labor; effects of the Vatican Council in America; current problems arising from naturalism, materialism, racism and secularism.

1 hour a week, 1 semester, 1 point Spring 1958

Mathematics

SISTER MARGARET URSULA, M.A.
JOSEPH T. PIZZO, M.S.

The Mathematics Department, in view of the marked expansion of the fields open to women in mathematics, invites serious consideration of the courses given here. The invitation is extended not only to students wishing to offer mathematics as a major or minor, but also to students having a primary interest in other subjects, eager to choose in their electives material affording some contact with this great area of human thought.

Required courses for students entering with an average of 85% in Regents' plane geometry and intermediate algebra: Mathematics 110 and 111.

Required courses for students offering geometry and/or advanced algebra: Mathematics 111 and a course chosen with departmental guidance.

Major

Required courses: Mathematics 110, 111, 20, 21, 22, 30 and 71.

Elective courses: Mathematics 10, 12, 100 and 101.

Minor

Required courses: Mathematics 110, 111, 20 and 21.

Elective Courses: Mathematics 10, 12, 100 and 101.

Mathematics-Physics Minor

With a science major

Required courses: Mathematics 110, 111, 20 and 21.

Elective courses: Courses totalling eight points in physics.

Note: The courses under mathematical analysis include topics usually included in three-point courses in college algebra, in trigonometry and in analytic geometry.

Mathematics 1 Mathematics Analysis I

The function concept, graphs, problems of variation, trigonometric concepts, use of logarithms in the solution of right and oblique triangles, solution of equations, determinants, slide rule.

3 hours a week, 1 semester 3 points Fall

Mathematics 2B Introduction to Statistics

Frequency distributions; measures of central tendency and of variability or dispersion; skewness and kurtosis; simple correlation.

3 hours a week, 1 semester, 3 points Spring

Mathematics 110 Mathematical Analysis I and III

Function, graph, variation, linear equation, determinants, quadratic equations, logarithms, slide rule, trigonometric functions, solution of right and oblique triangles, trigonometric identities and equations, inverse functions, radian measure, complex numbers, theory of equations.

3 hours a week, 1 semester, 3 points

Mathematics 111 Mathematical Analysis II and IV

Rectangular coordinates, equation of the line, distance, curve tracing, loci, conic sections, transformations, polar coordinates, curve fitting, binomial theorem, mathematical induction, permutations, combinations, probability, progressions.

3 hours a week, 1 semester, 3 points

Mathematics 10 Geometry of Three-Dimensional Space

Solid analytics; spherical trigonometry; elementary discussion of n -dimensional space.

Prerequisites: Mathematics 20 and 21

3 hours a week, 1 semester, 3 points Spring

Mathematics 12 College Geometry

Construction; loci; homothetics; nine-point circle; harmonic properties of the circle; inversions; poles and polars.

3 hours a week, 1 semester, 3 points Spring

Mathematics 20 Differential Calculus

Variables and functions; theory of limits; maxima and minima; asymptotes; curvature; evolutes; envelopes; Rolle's theorem; mean value theorem; applications.

3 hours a week, 1 semester, 3 points Fall

Mathematics 21 Integral Calculus

Integration, integration by parts, summation; series; applications.

3 hours a week, 1 semester, 3 points Spring

Mathematics 22 Differential Equations

Ordinary and partial; homogeneous, linear, first and second order; applications to physical sciences.

Prerequisites: Mathematics 20 and 21

3 hours a week, 1 semester, 3 points Fall

Mathematics 30 Theory of Equations

Complex numbers; constructions with ruler and compass; methods of solution of cubic and quartic equations; determinants; symmetric functions.

3 hours a week, 1 semester, 3 points Fall

Mathematics 40 History of Mathematics

Development of mathematics from ancient days to recent times. Lectures, readings, and discussions.

Recommended for prospective teachers

2 hours a week, 1 semester, 2 points

Mathematics 70 Survey in Mathematics

This course aims at the integration of the various mathematics courses on the college level.

Required of mathematics majors during their 7th semester for June graduates, and their 8th semester for January graduates.

1 hour a week, 1 semester, no academic credit Fall

Mathematics 71 Seminar

Special topics in such fields as developments in modern mathematics and advanced calculus.

Required of mathematics majors in Senior year.

1 hour a week, 1 semester, 1 point Spring

Mathematics 100 Elements of Applied Mathematics

Blue print reading; the use of precision instruments (slide rule, sextant, transit); logarithmic and semi-logarithmic graph paper; statistics; bonds; annuities.

Recommended for prospective teachers and for students interested in industrial employment.

3 hours a week, 1 semester, 3 points Fall

Mathematics 101 Mathematical Background of Statistics

Frequency distributions; measures of central tendency and of variability or dispersion; skewness and kurtosis; simple correlation.

Prerequisites: Mathematics 20 and 21.

3 hours a week, 1 semester, 3 points Spring

Modern Languages

ESTHER RAFFALLI, Diplômée
JOSEPHINE NORMA MALLIA, M.A.
AMOS LESSARD, M.A.
EVA B. LANGE, Ph.D.
MARIA-JOSEFA GONZALEZ, M.A.

Any student beginning the study of a modern language is required to take four semesters of it if that language is being offered to satisfy the requirement for graduation.

A classification examination is required of all Freshmen to determine the proper course in which a student is to begin her language study at the College. In the case of students who, as a result of the examination, are placed in French 1 or 2, German 1 or 2, or Spanish 1 or 2, four semesters of the language are required; students who are placed in French 23, German 3, or Spanish 50, are required to take three semesters of the language; those who are placed in French 24, German 9 or Spanish 51, are required to take two semesters.

All students are required to take an examination to determine their comprehension ability in French, German or Spanish. The examination must be taken in the fourth semester. Students entering the College with three years of a language may take the examination in that language upon completion of the College language requirement. The required rating is C.

No student who begins the study of French or Spanish in the College will be permitted to major in that language.

No student choosing a language as an elective will receive credit for French 1, German 1, or Spanish 1, unless she continues with French 2, German 2, or Spanish 2.

FRENCH

Prerequisites for all advanced literature courses: French 24 and 25 or their equivalents.

A minimum grade of C is required in all college French courses taken before the declaration of major or minor.

Major

Required courses for students entering with two years of the language: French 23, 24, 25, 26, 10, 11, 16 and 22.

Required courses for students entering with three or four years of the language: French 24, 25, 26, 10, 11, 16, 22 and 13 or 14.

Minor

Required courses for students beginning the language in college: French 1, 2, 23, 24, 25 and 26.

Required courses for students entering with two years of the language: French 23, 24, 25, 26, 10 and 11.

Required courses for students entering with three or four years of the language: French 24, 25, 26, 10, 11 and 16 or 22.

INTRODUCTORY

French 1 Elementary

Fundamentals of grammar and pronunciation for beginners; exercises in conversation; supplementary outside readings.

3 hours a week, 1 semester, 3 points Fall

French 2 Elementary

Continuation of French 1; fundamentals of grammar completed; continued drill in oral and written French; supplementary outside readings.

Open to students offering French 1

3 hours a week, 1 semester, 3 points Spring

French 23 Intermediate

A reading course in French civilization. Exercises in diction; conversational practice; supplementary outside readings.

Open to students offering French 2 or two years of high school French

3 hours a week, 1 semester, 3 points

French 24 French Composition and Style

Advanced study of grammar; vocabulary and idioms; exercises in translation from English to French; free composition.

Open to students offering French 23 or three years of high school French

3 hours a week, 1 semester, 3 points

French 25 Phonetics and Conversation

A study of the principles of phonetics including phonetic transcription; diction and intonation exercise in the reading of French prose and poetry; intensive oral practice in selected topics of conversation.

Open to students offering French 24 or its equivalent

3 hours a week, 1 semester, 3 points

ADVANCED

French 26 Introduction to France's Golden Age

Corneille, Racine, Molière. Conducted in French.

3 hours a week, 1 semester, 3 points

French 10 General Literature

History of French literature from the *Chanson de Roland* to the end of the Golden Age; assigned readings in French from representative authors supplementing the lectures and recitation. A number of class periods devoted to student reports. Conducted in French.

3 hours a week, 1 semester, 3 points Fall

French 11 General Literature

History of French literature of the Eighteenth and Nineteenth Centuries; outside readings and reports as in French 10. Conducted in French.

3 hours a week, 1 semester, 3 points Spring

French 13 Survey of French Novel

A study of the French novel from the Seventeenth Century to Proust. Outside readings and reports. Conducted in French.

3 hours a week, 1 semester, 3 points Fall

French 14 Romantic Period of French Literature

Rousseau, Chateaubriand, Mme de Staël, Lamartine, Vigny, Musset, Hugo. Conducted in French.

3 hours a week, 1 semester, 3 points Spring

French 16 French Civilization

An introduction to the civilization and the culture of the French people, their geography, history and institutions; French architecture, painting, sculpture and music; outside readings and research.

3 hours a week, 1 semester, 3 points Spring

French 22 Study of Modern Literature

Study of trends in Modern French Literature and the works of representative modern and contemporary authors. Outside readings; class discussion and reports. Conducted in French.

3 hours a week, 1 semester, 3 points Fall

GERMAN

INTRODUCTORY

German 1 Elementary I

Elements of German grammar, pronunciation, simple reading. The beginner's courses primarily stress the reading aim.

3 hours a week, 1 semester, 3 points Fall

German 2 Elementary II

Grammar, reading of prose, and a more systematic study of syntax; vocabulary building (cognates, synonyms, word formation, etc.)

3 hours a week, 1 semester, 3 points Spring

German 3 Intermediate I

A rapid grammar review, reading of prose, poetry and scientific material.

Open to students who have completed German 1 and 2 or who offer two years of high school German.

3 hours a week, 1 semester, 3 points Fall

German 9 Intermediate II

Reading of modern prose, scientific material, and other material in the field of the student's specialization.

Required of students who have completed German 3 or who offer three or more years of high school German.

3 hours a week, 1 semester, 3 points Spring

ADVANCED

German 14

Introduction to German classical literature. Selections from Lessing, Goethe, and Schiller, drama and poetry. Study of the lives of these authors and the background of their time.

Open to students who have completed German 9.

3 hours a week, 1 semester, 3 points Fall

SPANISH

Prerequisites for all advanced literature courses: Spanish 50 and 51 or their equivalents.

A minimum grade of C is required in all college Spanish courses taken before the declaration of major or minor.

Major

Required courses for students entering with two years of the language: Spanish 50, 51, 13, 30, 31, 32, 38, 41 or 42.

Required courses for students entering with three or four years of the language: Spanish 51, 13, 30, 31, 32, 38, 41 and 42.

Minor

Required courses for students beginning the language in college: Spanish 1, 2, 50, 51, 13 and 30.

Required courses for students entering with two years of the language: Spanish 50, 51, 13, 30, 32 and 38.

Required courses for students entering with three or four years of the language: Spanish 51, 13, 30, 31, 32 and 38.

INTRODUCTORY

Spanish 1 Elementary

Fundamentals in grammar; exercises in reading and speaking simple Spanish.

Open to beginners

3 hours a week, 1 semester, 3 points

Spanish 2 Elementary

Complete essentials in Spanish grammar with an intensive study of the subjunctive; vocabulary building; idioms. Reading of simple literary selections.

Open to students who have completed Spanish 1

3 hours a week, 1 semester, 3 points

Spanish 50 Intermediate

Grammar review; vocabulary building; idioms; composition exercises. Introduction to Spanish-American civilization. Selected readings from the history of Spanish-American countries and their relations with the United States.

Open to students who have completed Spanish 1 and 2 and to those offering two years of high school Spanish

3 hours a week, 1 semester, 3 points

Spanish 51 Intermediate

Commercial Spanish. Letters of courtesy and simple commercial transactions; introduction to frequently used intricacies of the Spanish language. Selected readings. Sight readings in the various major fields.

Open to students who have completed Spanish 50 and to those offering three or more years of high school Spanish

3 hours a week, 1 semester, 3 points

ADVANCED

Spanish 13 Spanish Civilization

A study of the physical environment of Spain; the Spanish race; institutions of old and modern Spain; architecture, music and painting.

3 hours a week, 1 semester 3 points Spring

Spanish 30 Survey of Spanish Literature

Readings and discussions of the representative authors of each period. Intensive study of *Cantar del Mio Cid*; old ballads; the the Picaresque novel. Conducted in Spanish.

3 hours a week 1 semester, 3 points

Spanish 31 Drama of the Golden Age

A careful study and evaluation of Calderón and Lope de Vega; outside reading supplemented by lectures on works of Tirso de Molina, Ruiz de Alarcón and Guillén de Castro. Discussions and written reports. Conducted in Spanish.

3 hours a week, 1 semester, 3 points Spring

Spanish 32 Novel of the Golden Age; Cervantes

Careful reading and interpretation of *Don Quijote*, with the aim of providing a comprehensive view of Cervantes, including a study of the technique and construction of his works. Conducted in Spanish.

3 hours a week, 1 semester, 3 points Fall

Spanish 38 The Modernist Movement in Spanish-America and Spain

The precursors. Rubén Dario and his followers. Outstanding study of the development of this movement in Spanish-America; writers of the movement in Spain. Lectures, discussions and written reports in Spanish.

3 hours a week, 1 semester, 3 points Fall

Spanish 41 19th and 20th Centuries' Literary Production

Development of the novel from the Romantic Period. Pérez Galdós and his contemporaries; the Naturalistic School. The "Generación del '98". Novelist and essayists. Discussions and written reports in Spanish.

3 hours a week, 1 semester, 3 points Fall

Spanish 42 Contemporary Drama

Study and evaluation of the outstanding works of the Romantic Period. Detailed study of the most important dramatists of the Twentieth Century in Spain and Spanish-America. Discussions and written reports in Spanish supplemented by lectures. Conducted in Spanish.

3 hours a week, 1 semester, 3 points Spring

Music

REVEREND GENNARO D'ECCLESII, M.A.

Music 2 The Opera

The evolution of the opera; historical background of the great composers. Representative recordings will be used to illustrate the lectures. Several individual operas will be analyzed.

2 hours a week, 1 semester, 2 points Spring

Music 5 Introduction to Music

Music an art and a humanity; the elements of music: melody, harmony, rhythm, form. The orchestra: instruments, the art of orchestration. Important aspects of Nineteenth Century music: the song, program music, the symphony, concerto and opera.

2 hours a week, 1 semester, 2 points Fall

Music 6 Introduction to Music

Continuation of Music 5. More materials of music: keys and scales. The Viennese School of the Eighteenth Century. The Medieval, the Renaissance and the Baroque periods. The Modern and Contemporary scenes.

Prerequisite: Music 5

2 hours a week, 1 semester, 2 points Spring

Music 11 Elementary Theory and Ear Training

An integrated course in music techniques involving the basic elements of rhythmic and tonal patterns and their relation to aural recognition. Intervals, scales, melody writing, analysis, simple melodic dictation.

No prerequisites

Recommended for child study majors

2 hours a week, 1 semester, 2 points Spring

Music A1 Liturgical Chant

An integration of the liturgy of the Mass and Gregorian Chant. This course is designed to acquaint the student with the Ordinary of the more commonly sung Masses and the responses at Mass. The course will include a study of the *Motu Proprio* of Pope Pius X, the *Divini Cultus* of Pope Pius XI and the *Musicae Sacrae* of Pope Pius XII.

Required of Freshmen

1 hour a week, 1 semester, 1 point Fall

Philosophy

REVEREND JOHN HESSON, B.A.

EDWARD P. MAHONEY, M.A.

The student pursuing the philosophy courses at St. Joseph's is experiencing natural wisdom, "the acquired knowledge of things in their highest rational causes." The courses have been ordered so that they follow as closely as possible the educational pattern recommended by St. Thomas. The student should begin to feel the excitement of Thomas' ideas and should imbibe something of his gracious but painstaking philosophical spirit. She should see clearly at the same time that while philosophy and theology are separate wisdoms, philosophy supplies the rational foundation on which theology builds.

Required courses: Philosophy 13, 14, 15, 16, 17 and 18.

Philosophy 13 Faith and Reason

An introduction to the sciences of philosophy and of theology. Each science is defined, its divisions are given and its major problems are discussed. The relation between the two is pointed out, and the way in which they provide the principle of integration for the entire curriculum is established.

Required of Freshmen in their first semester

2 hours a week, 1 semester, 2 points

Philosophy 14 Logic

Study of the fundamental laws of the art of right thinking; the three operations of the intellect; words and concepts; predicables and categories; division and definition; composition and division; the proposition; opposition, obversion and conversion; deduction; principles and rules of the syllogism; induction; argumentation; fallacies.

Required of Freshmen in their second semester

2 hours a week, 1 semester, 2 points

Philosophy 15 Philosophy of Nature

Principles of nature; the four causes; motion; the principle of finality; hylemorphism; time and space; philosophy and empirical science; nature of life; the soul; theories of human nature; Thomistic theory of man; immateriality and subsistence of the soul; origin and immortality of the human soul; human cognition; human appetite and will; freedom of the will, free will and determinism.

Required of Sophomores in their first semester

3 hours o week, 1 semester, 3 points

Philosophy 16 General and Special Metaphysics

Notion of being; divisions of being; being is transcendental and analogical; the transcendentals; the composition of substance and accident; the supposit and the person; causality and the four causes; the problem of knowledge; epistemological views of Descartes, Hume and Kant; critique of perception; first principles; foundations of demonstrated knowledge; causality; spiritual beings; the existence of God and "the five ways" of St. Thomas; nature of God as known by His attributes; God and the world; the mystery of evil.

Required of Sophomores in their second semester

3 hours o week, 1 semester, 3 points

Philosophy 17 History of Philosophy

Pagan philosophy: Greek and Roman eras; Patristic philosophy; the Scholastic synthesis; decline of Scholasticism.

Required of Juniors in their first semester

2 hours o week, 1 semester, 2 points

Philosophy 18 History of Philosophy

Modern philosophy; Bacon and Descartes; reaction and transition in the Seventeenth and Eighteenth Centuries; Kant; idealism, positivism and traditionalism in the Nineteenth Century; pragmatism; Twentieth Century philosophies; neo-Thomism.

Required of Juniors in their second semester

2 hours o week, 1 semester, 2 points

Physical Education

MARGARET WARD, M.A.
ELIZABETH GILBERT, B.A.
PATRICIA CALLAHAN, B.S.

The courses in physical education are designed to effect the student's development in: skills, including coordination, accuracy, alertness, strength and endurance; beneficial use of leisure time through recreational activities; social consciousness through sportsmanship, cooperation, courtesy, leadership and followship.

Requirements: Four semesters of activity including one semester of Modern Dance, preferably in Freshman year.

Physical Education 1

Fundamental skills and their use in volleyball, basketball, and softball.

2 hours a week, 1 semester, $\frac{1}{4}$ point

Physical Education 2

Fundamental skills in badminton, archery, and golf.

2 hours a week, 1 semester, $\frac{1}{4}$ point

Physical Education 3

Advanced skills and team play in volleyball, basketball and soft ball.

Prerequisite: Physical Education 1

2 hours a week, 1 semester, $\frac{1}{4}$ point

Physical Education 4

Advanced class in archery, badminton, and golf.

Prerequisite: Physical Education 2

2 hours a week, 1 semester, $\frac{1}{4}$ point

Physical Education 11 Modern Dance I

Fundamental techniques of movement stressing simplicity, directness, and freedom; exploration of movement in space; study of the elements of rhythm and form.

2 hours a week, 1 semester, $\frac{1}{4}$ point

Physical Education 12 Modern Dance II

Continuation and development of movement techniques; study of elements of composition; original dance studies.

Prerequisite: Physical Education 11

2 hours a week, 1 semester, $\frac{1}{4}$ point

Physical Education 13 Modern Dance III

More advanced movement techniques; more time spent in original dance composition.

Prerequisite: Physical Education 12

2 hours a week, 1 semester, $\frac{1}{4}$ point

Psychology

RAYMOND C. STRASSBURGER, Ph.D.
REVEREND JAMES J. D'AMATO, M.S.

The courses in psychology are organized and designed primarily to contribute to the student's general culture, so that she may receive a better insight into her own mind and actions, and into the minds and actions of her fellow-men. It is hoped that she leaves these courses a more efficient and socially adjusted personality.

The broad and diversified training offered in this field should serve, moreover, as an adequate basis for further graduate study, or as a foundation for one of the many vocational fields in which a knowledge of psychological principles is especially desirable.

Major

Required courses: Psychology 11, 58, 59 and 70.

Elective courses: Child Study 22; other courses offered by the department.

Recommended courses: Mathematics 2B or Social Science 22; those in areas supplementary to psychology, specifically, sociology, child study, economics, education, mathematics and zoology. Points for these courses may not be offered toward the required twenty-four.

Minor

Required course: Psychology 11.

Elective courses: Child Study 22 and courses elected with departmental guidance from those offered by the department.

Psychology 11 Introductory Psychology

An introductory survey of the field of general psychology, considering the methods of psychology and some of the main results and applications obtained from the study of human experience and behavior. Special attention is given to the normal adult. This course is generally basic to further work in psychology.

3 hours a week, 1 semester, 3 points

Psychology 14 Adolescent Psychology

A comprehensive survey of adolescent behavior in all its aspects, physical, mental, emotional, social, and moral. Problems of guidance and practical direction of adolescent development are given special consideration.

Prerequisite: Psychology 11 or Education 15

2 hours a week, 1 semester, 2 points Fall

Psychology 16 Abnormal Psychology

An investigation of the main forms of deviate experience and behavior with emphasis upon the explanatory principles. This survey considers the major psychoses, the neuroses, and psychopathic personality. Techniques of therapy are discussed.

Prerequisite: Psychology 11 or equivalent

2 hours a week, 1 semester, 2 points Spring

Psychology 18 Psychological Tests

A survey of psychological measurement with emphasis upon tests of intelligence, personality, and special abilities. Techniques of administration and scoring, and interpretation of results are considered.

Prerequisite: Psychology 11 or equivalent

3 hours a week, 1 semester, 3 points Spring

Psychology 20 Social Psychology

A psychological interpretation of the chief forms of social experience and behavior. Personality and culture, human conflict, and mass behavior including fashion, public opinion, propaganda, and the crowd are among the topics discussed.

Prerequisite: Psychology 11 or equivalent

3 hours a week, 1 semester, 3 points Fall

Psychology 24 Personnel—Industrial Psychology

A study of psychological principles applied to various problems of human efficiency in the areas of vocational adjustment, and industrial and business processes, including advertising, consumer research, and selling.

Prerequisite: Psychology 11 or equivalent

3 hours a week, 1 semester, 3 points Fall

Psychology 35 Systematic Psychology

A systematic survey of the major contemporary "schools" of psychology with a critical evaluation of their several viewpoints on the outstanding problems in psychology.

Prerequisite: Psychology 11

2 hours a week, 1 semester, 2 points Spring

Psychology 50 Mental Hygiene

A survey of the basic principles, procedures, and problems in the maintenance and promotion of wholesome personality adjustment and mental health. Mental hygiene aspects of education are given special consideration. Case studies are used to demonstrate techniques employed in the modification of behavior and personality.

Prerequisite: Psychology 11 or Education 15

2 hours a week, 1 semester, 2 points

Psychology 58 Experimental Psychology

A study of experimental procedures and results in the investigation of representative psychological phenomena: psychophysics, sensation, perception, reaction time.

Prerequisite: Psychology 11 or equivalent

2 lectures, 2 hours laboratory a week, 1 semester, 3 points Fall

Psychology 59 Experimental Psychology II

A continuation of Psychology 58. The topics considered are: learning, memory, motivation, and emotion.

Prerequisite: Psychology 58

2 lectures, 2 hours laboratory a week, 1 semester, 3 points Spring

Psychology 70 Topical Seminar

A specific topic of interest in the field of psychology is selected for critical and intensive investigation.

1 hour a week, 1 semester 1 point Spring

Required of majors in psychology. Other students admitted only with permission of department.

Child Psychology is Child Study 22

Educational Psychology is Education 15

Statistics is Social Science 22

Science

SISTER MARIE CLOTILDE, M.A.

SISTER MAUREEN, M.S.

SISTER MARY BEATRICE, Ph.D.

SISTER MARY CORDE, M.S.

SISTER M. VIRGINIA THERESE, M.S.

SISTER ST. FRANCIS, Ph.D.

One year of science is required of every student. Election may be made of biology, chemistry, or physics.

The courses are designed to contribute to the student's general culture. Courses for majors and minors carry the additional aspect of providing a background for graduate study and for vocational needs.

BIOLOGY

Admitted to biology major or minor: Students who attain a minimum average of C in the first two semesters.

Major

Points for Biology 1 and 2 may be offered toward the required twenty-four by Plan B students only.

Minor

Points for Biology 1 and 2 may be offered toward the required eighteen.

CHEMISTRY

Admitted to chemistry major and minor: Students who attain a minimum average of C in the first two semesters of chemistry.

Premedical students are advised to major in chemistry.

Major

Points for Chemistry 1 and 2 may be offered toward the required twenty-four by Plan B students only.

Minor

Points for Chemistry 1 and 2 may be offered toward the required eighteen.

PHYSICS

Minor

Admitted to physics minor: Students who attain a minimum average of C in Physics 1 and 2. Points for these courses may be offered toward the required eighteen.

SCIENCE

Minor

The elected Freshman science course may be offered toward the required eighteen points. An advanced course must be included.

BIOLOGY

Biology 1 General Biology

Fundamental principles and modern theories of biology as illustrated in lower plants and animals. Selected types studied in the laboratory.

3 lectures, 3 hours laboratory a week, 1 semester, 4 points

Biology 2 General Biology

Continuation of the study of biological principles and theories with special reference to higher plants and animals.

3 lectures, 3 hours laboratory a week, 1 semester, 4 points

Biology 10 Vertebrate Embryology

The ontogeny of the frog, chick, and generalized mammal, introduced with a study of spermatogenesis, oogenesis, fertilization, and cleavage.

Prerequisites: Biology 1 and 2

2 lectures, 4 hours laboratory a week, 1 semester, 4 points Spring

Biology 11 Bacteriology

Practice in general laboratory methods, preparation of cultures, disinfection and sterilization, air, water, milk; soil and the nitrogen cycle; micro-organisms and disease; identification of unknown organisms, problem work.

Prerequisites: Biology 1 and 2

2 lectures, 4 hours laboratory a week, 1 semester, 4 points

Biology 21 Botany

Plant organs. Manufacture and utilization of foods. Types from the four phyla of plants. Floral types and the classification of angiosperms. Seeds and fruits. Inheritance and variation. Evolution. Geographic distribution of plants in North America. Economic significance of plants.

2 lectures, 4 hours laboratory o week, 1 semester, 4 points Spring

Biology 32 Biology of Vertebrates

A study of the structure of the principal types of vertebrates.

Prerequisites: Biology 1 and 2

2 lectures, 4 hours laboratory o week, 1 semester, 4 points Fall

Biology 42 Human Anatomy and Physiology

A study of human anatomy and physiology; circulation, respiration; the nervous system; digestion; absorption, metabolism; excretion, endocrine system, reproduction. This course is designed for students specializing in science.

Prerequisites: Biology 1 and 2

2 lectures, 4 hours laboratory a week, 1 semester, 4 points Fall

Biology 71 Genetics

An introduction to the study of heredity and variation; germ cells, heredity and environment, inheritance of acquired characteristics, determination of sex, laws of heredity, human inheritance.

Prerequisites: Biology 1 and 2

3 lectures a week, 1 semester, 3 points

Biology 80 Seminar

A consideration of the development of biological thought with special reference to problems of current interest and their interpretation in the light of fundamental biological principles.

Required of majors in their Senior year

1 hour o week, 1 semester, 1 point

Biology 90 Vertebrate Histology and Microtechnique

Microscopic anatomy of the fundamental tissues and organs of the vertebrates including the basic techniques involved in preparing tissues for microscopic study.

2 lectures, 4 hours laboratory a week, 1 semester, 4 points

Biology 200 Honors Course

A laboratory course designed to give the qualified student in her Senior year an opportunity to investigate problems related to biological research.

Prerequisite: An average of B in the major field
6 hours laboratory a week, 1 semester, 3 points

CHEMISTRY

Chemistry 1 General Chemistry

Matter; chemical change, combining proportions, atomic theory, atomic weights, atomic structure, symbols, formulae, equations, oxygen, measurement of gases, kinetic-molecular hypothesis, hydrogen, valence, water, molecular weights, halogens, sodium hydroxide, electrolytes, carbon and its compounds.

3 lectures, 3 hours laboratory a week, 1 semester, 4 points

Chemistry 2 General Chemistry

A consideration of the periodic table, electrochemistry, radioactivity and nuclear chemistry. A study of the fundamental principles of solutions and chemical equilibrium, hydrolysis, solubility product, common ion effect, complex ions, amphoteric hydroxides, colloidal suspensions, ionization.

Prerequisite: Chemistry 1
3 lectures, 3 hours laboratory a week, 1 semester, 4 points

Chemistry 102 Inorganic Chemistry and Qualitative Analysis

This course stresses the principles and practices of qualitative analysis.

Prerequisites: Chemistry 1
85% average in high school chemistry
or approval of the chairman of department

3 lectures, 3 hours laboratory a week, 1 semester, 4 points
Credits accepted towards requirement for major

Chemistry 10 Qualitative Analysis

Fundamental principles; solution; ionization; molecular equilibrium; solubility product; amphoteric hydroxides; salt hydrolysis; complex ions and ammonia equilibria; oxidation and reduction; colloidal suspensions; complete cation analysis.

Prerequisite: Chemistry 2
2 lectures, 6 hours laboratory a week, 1 semester, 4 points Spring

Chemistry 22 Quantative Analysis II

The theory and practice of typical volumetric and gravimetric methods. Analyses include determinations of sulfates, chlorides, carbonates, iron, copper. Iodimetric methods, acidimetry, alkalimetry.

2 lectures, 6 hours laboratory a week, 1 semester, 4 points

Chemistry 23 Quantitative Analysis II

Kjeldahl determinations; electroanalysis; electrometric analysis; colorimetric determination of Fe and Mn; saccharimetry.

Prerequisite: Chemistry 22

6 hours laboratory a week, 1 semester, 2 points

Chemistry 30 Organic Chemistry I

Study of the preparation and properties of the representative members of the aliphatic series, fundamental principles of electron mechanisms, study of structure.

3 lectures, 6 hours laboratory a week, 1 semester, 5 points

Chemistry 31 Organic Chemistry II

Study of difunctional aliphatic compounds, aromatic compounds, and natural products.

Prerequisite: Chemistry 30

3 lectures, 6 hours laboratory a week, 1 semester, 5 points

Chemistry 33 Biochemistry

Study of animal biochemistry with reference to structure and functions of carbohydrates, lipids, proteins, enzymes and enzyme teams, vitamins, hormones, minerals.

Prerequisites: Chemistry 30 and 31

2 lectures, 3 hours laboratory a week, 1 semester, 3 points

Chemistry 52 Physical Chemistry I

The first half of a general course in physical chemistry. The following topics will be considered: gases, liquids, crystalline state of matter, elementary thermodynamics, solutions, homogeneous and heterogeneous equilibria.

Prerequisites: Chemistry 22, college physics and calculus

3 lectures, 3 hours laboratory a week, 1 semester, 4 points

Chemistry 53 Physical Chemistry II

The second half of a general course in physical chemistry. The following topics will be considered: chemical kinetics, chemical thermodynamics, spectroscopy, colloids, electrochemistry, atomic theory and structure of matter.

Prerequisite: Chemistry 52

3 lectures, 3 hours laboratory a week, 1 semester, 4 points

Chemistry 60 Seminar in Chemistry

This course is required of majors in their Senior year to familiarize them with the problems and method of scientific research.

1 hour a week, 1 semester, 1 point Fall

Chemistry 223 Honors Course in Chemistry

A laboratory course offered in the Senior year to chemistry majors who show an aptitude to do independent work on a minor research problem.

6 hours laboratory a week, 1 semester, 2 points

PHYSICS

Physics 1 General Physics

Mechanics, Molecular Physics, Heat, Sound.

Newton's law of motion, mechanics and properties of matter, mechanics of rigid bodies, work and energy, fluids in motion, molecular and atomic theory, special properties of matter due to molecular forms, elasticity; temperature, quantity of heat, work and heat, transfer of heat; wave motion and sound.

3 lectures, 3 hours laboratory a week, 1 semester, 4 points

Physics 2 General Physics

Magnetism, Electricity, Atomic Physics.

Magnetism, electrostatics, electric circuits, electromagnetism; conduction through gases, radioactivity; nature of light, propagation and photometry, reflection, refraction, lenses, optical instruments, interference, diffraction, polarization.

3 lectures, 3 laboratory hours a week, 1 semester, 4 points

Physics 31 Heat

Temperature and its measurement, calorimetry, specific heats, thermal expansion, transfer of heat, ideal gases, change of state, continuity of state, first and second laws of thermodynamics, reversibility, the Carnot cycle, the Kelvin temperature, entropy, the steam engine, refrigeration.

Prerequisites: Physics 1, 2

3 lectures, 3 hours laboratory a week, 1 semester, 4 points (Not offered 1957-58)

Physics 41 Mechanics

Further study of statics and dynamics of particles and rigid bodies, kinematics, special rigid body motions; consideration of vectors, potential, and central forces.

Prerequisites: Physics 1, 2

3 lectures a week, 1 semester, 3 points

Physics 52 Introduction to Modern Physics I

Specific heats of gases, determination of electronic charge, positive rays, mass spectograph, development of periodic table, radiant energy, atomic theory, hydrogen spectrum, x-rays, Compton effect, photoelectric effect.

Prerequisites: Physics 1 and 2

2 lectures a week, 3 hours laboratory a week, 1 semester, 3 points

Physics 53 Introduction to Modern Physics II

Radioactivity, radioisotopes, accelerators, nuclear reactions, fission, fusion, cosmic rays.

Prerequisite: Physics 52

2 lectures a week, 3 hours laboratory a week, 1 semester, 3 points

GENERAL SCIENCE

Science I The Physical Universe

An integrated course in the physical sciences covering the broader aspects of earth science, physics and chemistry.

It aims to help one interpret intelligently the forces that make up the complex world.

3 lectures a week, 1 semester, 3 points Fall

Social Science

MARY J. HUSCHLE, J.D.
MARION BRENNAN, M.A.
SISTER GEORGE AQUIN, M.A.
CAROL ANN HOUGHTON, M.A.

The Department of the Social Sciences consists of three divisions — sociology, economics and political science. Its aim is to develop a broad understanding of social, economic and political problems and to instill in the students an interest which may lead to a constructive activity in the solution of contemporary problems in these fields.

Students who wish to major or minor in the social sciences are required to elect one of three divisions and concentrate their efforts in that special field.

Required course: Social Science 11.

SOCIOLOGY

Major

Required courses: Social Science 40, 41, 43, 44 and 80.

Elective courses: Social Science 11, 4, 20, 21, 22, 30, 42, 45, 46, 51 and Psychology 20 and 50.

Minor

Required courses: Social Science 40 and 41.

Elective courses: Social Science 11, 4, 20, 21, 22, 30, 42, 43, 44, 45, 46, 51 and Psychology 20.

ECONOMICS

Major

Required courses for Plan A students: Social Science 20, 21, 22, 23, 26 and 80.

Elective courses for Plan A students: Social Science 11, 4, 24, 28, 30, 40, 41, 72 and 73.

Required courses for Plan B students with History-Education minor: Social Science 11, 5, 6, 20, 22, 23, 26, 28, 72 and 73.

Minor

Required courses for Plan A students: Social Science 20, 21, 22 and 26.

Elective courses for Plan A students: Social Science 11, 4, 23, 24, 28, 30, 40, 41, 72 and 73.

Required courses for Plan B students with History major and Social Science-Education minor: Social Science 11, 6, 20, 23, 26, 28, 72 and 73.

POLITICAL SCIENCE

Major

Required courses: Social Science 11, 2, 6 and 80.

Elective courses: Social Science 4, 5, 6, 20, 21, 30, 40, 100 and History 9, 11 and 13 or 16.

Minor

Required courses: Social Science 11 and 6.

Elective courses: Social Science 2, 4, 5, 20, 21, 30, 40, 100 and History 9, 11 and 13 or 16.

Social Science 2 Constitutional Law

A study of the *Constitution of the United States*; its origin, theory and development; a consideration of constitutional interpretation by the United States Supreme Court in leading constitutional decisions relating to individual rights and liberties; police power, due process of the law, relation of Federal and State powers; citizenship; powers of Congress.

2 hours a week, 1 semester, 2 points Spring 1957

Social Science 4 Legislative Trends

A study of the development of social and economic legislation in the United States (methods of enforcement and control) with particular consideration of the theories and philosophies reflected in such development.

Prerequisite: Social Science 11

2 hours a week, 1 semester, 2 points Spring

Social Science 5 Comparative Governments

A study of political and governmental institutions and trends, with special attention to England, France, Russia, Japan and Germany.

Prerequisite: Social Science 11

2 hours a week, 1 semester, 2 points Spring

Social Science 6 American Government—State and Local

Analysis of the structure, powers, areas of operation and inter-relationship of state and local units.

3 hours a week, 1 semester, 3 points Fall

Social Science 11 American Government—Federal

A study of the Federal government in the United States, considering the political theory, the organization and procedure of the legislative, executive and judicial departments; limitations on government powers; relationship between Federal government and the States; political parties, public opinion, suffrage; police power; governmental activities.

Required course

3 hours a week, 1 semester, 3 points

Social Science 20 Introductory Economics

A description of economic life and problems; the market, pricing of goods and services; business cycle; corporate organization; the banking system; foreign trade; agriculture; labor organization; government expenditures and receipts.

3 hours a week, 1 semester, 3 points

Social Science 21 Industrial Relations

A general description of the role of labor in the American economy. The problems of labor: wages, hours; unemployment; accidents and occupational diseases; old age; special groups in labor force. The history of the labor movement. Employers' organization and employer tactics. Collective bargaining; labor relations and the law. The Catholic Church and labor. Discussions include references to current labor issues.

2 hours a week, 1 semester, 2 points Fall

Social Science 22 Statistics

Elementary statistical methods developed to facilitate use by students of social sciences. Methods of collecting data; sampling; tabular and graphic presentation; frequency distribution; time series analysis; index numbers; simple correlation. Data and application are selected from the various fields in the social sciences.

3 hours a week, 1 semester, 3 points Spring

Social Science 23 Money and Banking

A study of the development of the modern system of money, credit and banking; relation of this development to large scale production and exchange; bimetalism, gold standard, gold exchange standard, foreign exchanges, the role of money in the theory of international trade; business cycle, stabilization of business; investment banking, commercial banks, consumptive credit institutions and the Federal Reserve system; problems of credit and banking considered from the point of view of the individual as well as from the public and social point of view.

3 hours a week, 1 semester, 3 points Fall 1957

Social Science 24 Public Finance

Government functions and the cost of government; forms of public expenditures; the sources of public revenue; the nature of public debts; national debt of the United States; taxation; principles of equity in the distribution of tax burdens; the shifting and incidence of taxes; leading types of taxes such as tariff duties, excise, income, inheritance and property taxes; financial administration; budgetary procedural interrelation of government finance with social and business economy.

2 hours a week, 1 semester, 2 points Fall

Social Science 26 Economic Analysis

Presentation of tools of economic reasoning applied to problems of price determination; distribution; theory of money, banking, international trade; types of economic fluctuations.

Prerequisite: Social Science 20

3 hours a week, 1 semester, 3 points Spring

Social Science 28 The Development of Modern Economic Thought

A study of the leading economists of the following schools: Classical; Nationalist; Socialist; Historical; Neo-classical; and modern contributions to thought. Assigned readings from the better known works of these leaders to be discussed with emphasis on the political and social implications.

3 hours a week, 1 semester, 3 points Spring

Social Science 30 Introductory Law

A study of the origin, sources and classification of law; equity; contracts, agencies, sales, bailments and common carriers; negotiable instruments; guaranty and suretyship, real and personal property; wills; trusts; corporations, partnerships, insurance.

3 hours a week, 1 semester, 3 points Fall

Social Science 40 Introductory Sociology

The nature of sociology and its place in the social sciences; basic conditions of sociocultural life; types of social groups; society and its cultural heritage; ecology and community organization; population traits and trends; social interaction and social process; social institutions; society and personality.

3 hours a week 1 semester, 3 points

Social Science 41 Social Pathology

A study of the causes, meaning and treatment of the principal forms of maladjustment in modern society including: problems of individual disorganization; juvenile delinquency and crimes of adults; drug addiction; alcoholism; social adjustment of the chronically ill, physically handicapped, mentally disordered and mentally deficient; family disorganization, desertion, divorce and illegitimacy; community disorganization; minority conflicts, religious and racial; migratory labor and unemployment.

2 hours a week, 1 semester, 2 points

Social Science 42 Field Study in Sociology

The objectives of sociological research case study method; scope and use of type studies. Technique, consisting of observation as objective scrutiny of phenomena and as a record; social research interviews; diary of the social worker; use of research maps; documentation; analysis and interpretation of case materials.

Systematic investigation of social groups to develop the necessary critical and impartial attitude of the social service worker.

Limited to Juniors and Seniors. Other students admitted with permission of the professor.

2 hours a week, 1 semester, 2 points Spring

Social Science 43 Criminology

Course in applied sociology dealing with the character, causes and treatment of crime; special attention given to juvenile delinquency, its treatment and prevention; the concepts underlying modern penological and correctional procedure in criminal cases; penal and reformatory institutions, psychiatric clinics, and the principles and methodology of probation and parole.

2 hours a week, 1 semester, 2 points Spring

Social Science 44 History of Social Thought

Survey of the contributions of representative social thinkers of past years to their cultures; emphasis on Catholic social thought and on the development of empirical sociology from Comte to present day.

2 hours a week, 1 semester, 2 points Spring

Social Science 45 Urban Sociology

Development of the modern city; ecology of city life; social mobility and the relations of city and country; social institutions and problems in the modern city; the urban prospect.

Prerequisite: Social Science 40

2 hours a week, 1 semester, 2 points Fall

Social Science 46 Marriage and the Family

Marriage as a sacrament and the family as a social institution examined in both the historical and contemporary context. Although the emphasis is on practical problems and responsibilities of family life, discussions will include theoretical problems: sociological, psychological, canonical and legal. Factors contributing to strong family bonds as well as those contributing to family disorganization are analyzed.

Open to Seniors only, unless special permission is granted by the department.

2 hours a week, 1 semester, 2 credits

Social Science 51 Cultural Anthropology

Descriptions of the cultures of the world, including the social organization, economic structure, religion and the life of the individual in selected primitive cultures.

3 hours a week, 1 semester, 3 points Fall

Social Science 72 Economic Geography

A study of world-wide distribution of population, soils, minerals, power fuels and metals related to man's industrial activity. Special emphasis is given to the industrial position of the United States.

2 hours a week, 1 semester, 2 points Fall

Social Science 73 Economic Geography

The influence of climate factors and natural resources on man's occupations—hunting, fishing, grazing, farming and trade. Emphasis on world economic interdependence as evidenced in current relations in trade, etc.

2 hours a week, 1 semester, 2 points Spring

Social Science 80 Seminar in Social Science

Collective discussion and criticism of reports and problems in the field of specialization.

Required of all majors in the Senior year.

1 hour a week, 1 semester, 1 point Spring

Social Science 100 International Relations and Organization

The place of International Law in International affairs; decisions of national and international tribunals; study of major principles, as sovereignty recognition, jurisdiction, treaties, pacific settlement, international organizations, and co-operation for maintenance of peace.

3 hours a week, 1 semester, 3 points Fall

Speech

MARY SHEA, M.A.

SISTER JOHN BAPTIST, M.A.

The purpose of speech training in a democracy is to provide students with the means for active participation in all the situations in life in which oral communication with others is involved. Courses in the Speech Department are planned so that students may learn how to get and to hold attention in speech situations, to say what they wish to say in class, to stir up rich meanings when reading aloud, to make characters in plays live, and to express their convictions effectively in public.

In keeping with the liberal arts tradition of the College the Speech Department offers a general major and a general minor with courses in dramatics, oratory, oral interpretation, radio, storytelling, speech correction and phonetics.

Speech 5 is the prescribed course for Freshmen. The Chairman of the Speech Department may, however, on the basis of a speech diagnosis, recommend an elective course in lieu of Speech 5.

Major

Students desiring to major in speech must have acceptable speech and voice.

They must earn twenty-four points in speech including the Freshman speech requirement. These points should include: Speech 2, 7, 8 or 9, 12, 19, 20, 30, 33, 37 and 100.

Minor

Students minoring in speech must earn eighteen points including the Freshman speech requirement. These points should include: Speech 2, 7 or 37, 8 or 9, 12, 19 or 20, 30 and 33.

Speech 2 Phonetics

Detailed study of the sounds of English; use of International Phonetic system of sound description and notation; study of intonation pattern using Klinghardt's markings; practice in dictation and transcription. The use of phonetics as an aid in eliminating common speech errors will be stressed.

2 hours a week, 1 semester, 2 points

Speech 5 Voice and Diction

Emphasis is placed upon acquiring proficiency in speech and voice—with participation in the various speech activities. Speech recordings are made by all students.

2 hours a week, 1 semester, 2 points

Speech 7 Public Speaking

History of public speaking, including a study of classic orations and modern speeches. Techniques of speech making, the use and evaluation of source material. Frequent practice in preparation and delivery of speeches of various types. Special conferences in connection with individual work.

2 hours a week, 1 semester, 2 points Spring

Speech 8 Oral Interpretation I

The aim of the course is to stimulate the appreciation of English Literature through study and practice in oral interpretation of poetry, prose and drama. The first semester will be devoted to the narrative in poetry and prose, the ballad, the lyric and the sonnet.

2 hours a week, 1 semester, 2 points Fall

Speech 9 Oral Interpretation II

The course will be carried along the same lines as Speech 8, with special emphasis on the oral interpretation of the dramatic monologue, selected dramatic scenes, choral speaking and the familiar essay. The study of techniques, with practice in verse speaking, will be an important part of the work of this semester.

2 hours a week, 1 semester, 2 points Spring

Speech 12 Advanced Phonetics

Continuation of Speech 2, including considerable practice in dictation and transcription using narrow transcription. The class will study in detail the phenomenon of assimilation in connected speech as well as make a special study of phonemes and comparative phonetics. The course will include a study of recording equipment and its use as a tool in speech correction.

Prerequisite: Speech 2

2 hours a week, 1 semester, 2 points Spring

Speech 16 Story Telling

A study of representative folk-tales of all nations. Methods and participation in story telling.

2 hours a week, 1 semester, 2 points Fall

Speech 19 Speech Correction

Theories of speech disorders; diagnostic and remedial techniques. Application of methods of speech correction.

2 hours a week, 1 semester, 2 points Fall

Speech 20 Studies in Speech Correction

An intensive study of major speech disorders with special emphasis on the speech of the deafened. Supervised practice in diagnosis and remedial techniques.

Prerequisite: Speech 19 or permission of the instructor.

2 hours a week, 1 semester, 2 points Spring

Speech 23 Technique of Radio Speech

A study of the voice and speech techniques used by the radio announcer, the radio actor and the radio speaker; consideration of the problems of the director; adaptation of material for radio; preparation and presentation of radio scripts.

2 hours a week, 1 semester, 2 points Spring

Speech 27 Parliamentary Procedure

A study of the basic principles of parliamentary procedure.

1 hour a week, 1 semester, 1 point Fall On Demand

Speech 30 Principles of Acting

Fundamentals of acting including character analysis and pantomime.

2 hours a week, 1 semester, 2 points Fall

Speech 33 Play Production

A study of the principles involved in the mechanical aspects of play production; organization and direction of amateur dramatic groups; practice in stage design.

2 hours a week, 1 semester, 2 points Spring

Speech 34 Principles of Theatrical Make-up

A study of make-up materials as used in the theatre. Demonstrations and practice in the use of materials for straight and character make-up.

2 hours a week, 1 semester, 1 point Spring On Demand

Speech 37 Public Discussion and Debate

Study of the technique of leading and participating in public discussion. Emphasis on various forms of group discussion with practice in each.

Principles of argumentation and debate, use of source of materials, as well as participation in forms of debating will be stressed.

3 hours a week, 1 semester, 3 points Fall

Speech 100 Seminar in Speech

A study of the techniques of research and their application in the field of speech.

Required of all speech majors in their eighth semester

1 hour a week, 1 semester, 1 point Spring or Fall

Theology

REVEREND CHARLES E. DIVINEY, M.A.

REVEREND RAYMOND S. LEONARD, Ph.D.

The courses in theology follow the plan of the *Summa Theologica* of St. Thomas and aim to present the content of the Science of Faith on a college level. *

Required courses: Theology 5, 6, 7 and 8.

Theology 5 Dogmatic Theology

The existence and nature of God; the Trinity; the creation of angels, the world, and man; the government of the world by God.

Required of Juniors

2 hours a week, 1 semester, 2 points

Theology 6 General Moral Theology

The beatitudes, human acts, passions and virtues, sin, law, grace.

Required of Juniors

2 hours a week, 1 semester, 2 points

Theology 7 The Theology of the Virtues

Faith, hope, charity, prudence, justice, religion, social virtues, fortitude, temperance, the three ways, spiritual states.

Required of Seniors

2 hours a week, 1 semester, 2 points

Theology 8 Sacramental Theology

The Incarnation; the Redemption; the Blessed Virgin; the Church; the Sacraments: Baptism, Confirmation, The Eucharist, Penance, Extreme Unction, Holy Orders; the Last Things.

Required of Seniors

2 hours a week, 1 semester, 2 points

* Program operative beginning with September 1956 Freshman class.

Cadet Training

The Cadet Training Program is a work-study plan which not only offers a theoretical orientation to the student endeavoring to enter the business or professional world, but also provides on-the-job experience in position closely allied to the area of specialization and the student's vocational interests. These placements are arranged and supervised by the Student Personnel Office in cooperation with leading business firms and community organizations in the metropolitan area.

Cadet Training 1 Job Orientation

Business etiquette; employer-employee relationship; letters of application; employment interviews; sources of occupational information; appropriate legislation; welfare policies.

1 hours a week, 1 semester, 1 point Spring

Cadet Training 2 Supervised Field Work

Actual employment in a business firm or volunteer organization in accordance with the individual's needs and capabilities, taking into consideration her vocational interests and future job requirements. Supplementary reports.

Conferences: Eight weekly group conferences are held in the semester subsequent to employment period. Evaluation of work experience, re-evaluation of vocational aims and contributions to be made to the undergraduate body are considered.

Prerequisites: Cadet Training 1; Approval Faculty Recommendation Committee.

1 semester, 4 points Fall
